

PROSCIUTTO WRAPPED FIGS

Serves 4

8 ripe figs

80g goats' cheese

8 slices prosciutto

Cut each fig lengthways into quarters without cutting all the way through.

Cut the cheese into 8 pieces and put a piece of cheese in the middle of each fig and close the figs up.

Wrap each fig in a slice of prosciutto and thread onto a skewer.

Cook the skewers for 4-5 mins, turning half way through. The ham should be starting to char and the cheese, melted.
